🧠 MBS Coding – Knowledgebase for RAG Testing

🚀 About MBS Coding

MBS Coding is a YouTube channel dedicated to teaching programming, AI automation, and web development in Hindi.
 It focuses on building logical understanding through real-world projects and hands-on coding tutorials.
 The content is designed for beginners to advanced learners, with free and practical courses on popular technologies.

🎯 Tagline & Vision

"Concept is Power, Logic is the Key, and Understanding is Everything."

The mission of MBS Coding is to make coding education simple, structured, and accessible for everyone in the Hindi-speaking community.
 The goal is to empower learners with clarity, consistency, and confidence in coding.

📚 Popular Courses & Playlists

- **N8N Complete Course for Beginners in Hindi | Learn AI Agents & Automation Projects**

- **Full Stack Web Development (MERN) Course in Hindi**

- **AI Agents Course using OpenAI & n8n Workflows**

- **CSS Flexbox & Grid Tutorials with Real Projects**

- **JavaScript Logic Building Series**

- **HTML & CSS Projects for Beginners**

- **Git & GitHub Tutorial for Beginners**

- **One-Shot Courses on AI, Web Dev, DSA, and DevOps**

💡 Topics Covered

- **HTML, CSS, JavaScript, MERN Stack**

- **AI Automation using n8n and GPT models**

- **API Integration and Workflow Automation**

- **Web Development from Beginner to Advanced**

- **Frontend + Backend + Deployment**

- **Git, GitHub, and Version Control Systems**

🧩 Unique Teaching Style

- **Focus on concept clarity and real-life logic building**

- **Project-based learning — every concept is backed by a real project**

- **Hindi-English mix language, easy to understand for Indian learners**

- **Free courses — available publicly on YouTube**

- **Regular updates, new playlists, and interactive community**

❓ Sample FAQs

Q: What does MBS Coding teach?
 A: Programming, AI automation, and web development in Hindi through free YouTube tutorials.

Q: What is the slogan of MBS Coding?
 A: "Concept is Power, Logic is the Key, and Understanding is Everything."

Q: Does MBS Coding offer free courses?
 A: Yes, all MBS Coding courses are completely free on YouTube.

Q: What is the latest course on MBS Coding?
 A: *N8N AI Agents Complete Course with Projects in Hindi.*

Q: Which tech stacks are covered?
 A: HTML, CSS, JavaScript, MERN, Git, n8n, OpenAI, and workflow automation.

📄 Notes for RAG Testing

This document can be used as a knowledgebase for RAG Agent demos in n8n.
 It contains structured, topic-based information suitable for document retrieval and QA testing.

Try queries like:

- "What is the slogan of MBS Coding?"

- "Which topics does MBS Coding cover?"

- "Who teaches n8n automation in Hindi?"

- "Does MBS Coding provide free AI courses?"
